

FUJIFILM

ENVIRONMENTAL POLICY

This Environmental Policy relates to FUJIFILM NZ Limited's operations at Albany in Auckland New Zealand. FUJIFILM NZ Limited is part of the FUJIFILM Holdings Group. FUJIFILM NZ Limited is the official importer of Fujifilm products into New Zealand.

No manufacturing is undertaken at FUJIFILM NZ Limited which is solely an importer and wholesaler of finished products, such as cameras, camera accessories, photographic film and paper, minilabs and photographic processing chemicals medical imaging equipment, and graphics equipment and consumables. Some of the imported Fujifilm products are re-packaged to suit the New Zealand market before dispatch from FUJIFILM NZ Limited's warehouse. The operation covers approximately 5900 square meters and employs around 65 full-time employees.

FUJIFILM NZ Limited's environmental commitments include:

- Prevention of pollution;
- Minimising raw material consumption, where possible;
- Maximising the proportion of packaging that is re-used or re-cycled;
- Minimising the amount of solid waste going to landfill;
- Achieving compliance with environmental legislation and other obligations.

FUJIFILM NZ Limited is committed to continual improvement in its environmental performance. We have an established Environmental, Health and Safety Committee made up of a Representative from each area of the business including top level Management. The Committee uses the commitments stated above as a framework to set objectives and targets to reduce our impact on the environment. These are reviewed annually.

Management is committed to maintaining a management system that complies with the international standard for environmental management, ISO 14001.
